Professional Summary

Results-driven Software Engineering student at Aptech pursuing an Advanced Diploma in Software Engineering (ADSE). Skilled in developing web, mobile, and desktop applications using modern programming languages and frameworks. Strong knowledge of HTML, CSS, JavaScript, Python, Java, and UI/UX design. Passionate about building scalable, user-focused solutions and continuously improving technical expertise.

Core Skills

- 1 HTML/CSS, JavaScript, Python, Java
- 2 Object-Oriented Programming (OOP)
- 3 Flutter & Dart
- 4 UI/UX Design
- 5 MongoDB

Technologies Learned

- 1 C, C#, XML, JSON
- 2 Spring & Spring Boot
- 3 Agile DevOps
- 4 MongoDB

Education

Aptech – Advanced Diploma in Software Engineering (ADSE) Currently pursuing a comprehensive program covering software development, databases, and modern technologies.

Projects

- 1 Portfolio Website – Personal website showcasing projects and skills (HTML, CSS, JavaScript)
- 2 Desktop Application – Java-based system with database integration (Java, MySQL)
- 3 Mobile App – Cross-platform app using Flutter and Dart
- 4 UI/UX Designs – Interactive prototypes and modern user interfaces (Figma)

Certifications

- 1 Aptech ADSE Program (In Progress)
- 2 Web Development Fundamentals
- 3 UI/UX Design Basics

Experience

Currently building hands-on projects in web, mobile, and desktop development. Focused on applying real-world software engineering practices, problem-solving, and UI/UX principles.
